

Owais Ali

I am Owais Ali, a Full Stack Developer and Software Engineering student with practical experience working in a software house. I have worked on building and maintaining real-world web applications using modern frontend and backend technologies. I focus on writing clean, efficient code and delivering reliable, user-friendly solutions while continuing to grow my skills as a developer.

EXPERIENCE

MERN Stack Developer

2025 - 2026

Maccansoft Corporation

Responsible for designing, developing, and maintaining full-stack web applications. Built responsive front-end interfaces using React.js and developed robust backend services with Node.js and Express.js. Managed databases with MongoDB, implemented RESTful APIs, and improved application performance and scalability. Contributed to debugging, code optimization, and delivering high-quality, production-ready solutions.

EDUCATION

ACCP (Aptech Certified Computer Professional)

2023 - 2026

Aptech Metro Star Gate

Completed a 3-year diploma focusing on modern software engineering principles, databases, and application development.

Intermediate in Pre-Engineering

2024 - 2026

Allama Iqbal Boys College

Currently pursuing Intermediate in Pre-Engineering.
